Education

Batchelor of Computer Science Engineering — 2021

Design Projects

Fitness App

UI/UX

Concept

Concept of a Fitness Application based on influencers , A influencer, social, e-commerce based fitness app for the users.Designing an end to end experience with all the necessary applications was a huge challenge in this project.

Doctor Consultancy App

UI/UX

Concept

A Doctor consultancy app made with usability on mind, where users can book medicines , appointments, get prescription etc..

Mastek Engineering

Web Designer & Developer

Freelance project to redesign and develop their website ,I designed the visual designs and the entire UI ,I coded the entire frontend of the website.

GPS Oman

Web Designer & Developer
